WASHINGTON CITY.

The Presidential Backbone Stiffens over the Ohio Supervisorships.

Washington, March 22—The senate in executive session took up the nominations for the supervisorships, which were rejected en [illegible] several weeks ago, but renewed since by the president. The debate upon them to-day was largely a repetition of former debates with the addition of severe comments upon the action of the president in sending back to the senate precisely the same names which it had so recently rejected. The debate had not terminated when the senate adjourned, but indications are that the majority will adhere to their [illegible] to confirm an unbroken list of republicans for the eight supervisorships in question, and that pending nominations will once more be returned to the president for revision.

CONGRESSIONAL.

Senate

Washington March [illegible]

Hill of Georgia from the elections committee reported Spofford entitled to the seat now occupied by Kellogg.

Hoar presented a minority report of himself, Cameron and Logan.

Kellogg was charged with corrupt and fraudulent conduct.

The minority report declares that the only change in the facts since Kellogg took the oath is that the party majority in congress has changed and it is sought by mere superiority of party numbers for the first time to thrust a senator from the seat he holds by virtue of express and deliberate final judgment of the senate. This act is characterized as a great political crime to be classed with rebellion with the Maine conspiracy with the overthrow of the southern state governments. The people of the United States will thoroughly comprehend the action of the senate in this matter and judge whether the views of the southern people taken back into citizenship mean anything. They thoroughly discredit the evidence on which the majority report was founded and say that it is unworthy the lowest case on record and has been completely disproven.

Kellogg made a personal appeal to the senate setting forth that Hill had declared publicly and privately that he would drive him from the senate and that being judge of the case had prejudged it before he took or collated evidence. He declared Hill's statements false from beginning to end and that of the 1[illegible] pages of testimony there was not a line connecting himself directly or indirectly with any manipulating of returns or with the returning board. He accused Hill of taking every means of prejudicing the public mind against him and declared that Spofford had brought disreputable and disappointed men to Washington. He notified the senate that he would when the resolution came up show the people the truth. He asserted that the committee had not allowed him fair play to rebut testimony. He would show Hill to have cut out whole pages of testimony favorable to him (Kellogg). He would accept as truth what Hill's principal witness—Barney Williams—asserted, if a single citizen of New Orleans could be produced to say on his honor that he would believe Williams under oath. He charged as unfair the proceedings of Hill in a most scathing and personal manner. He said that every affidavit produced against him in New Orleans was either forged or paid for and that he could prove this to be a fact. There never was so foul a conspiracy set afoot as this he declared. Every member of the legislature swore that there was no bribery. Even the Nicholls government with packed juries failed to indict him. A good deal has been said about the custom house but nothing about money paid witnesses against him though one witness swore positively to receiving money to vote for Spofford. He thought that he could compare his character, moral and otherwise against Hill's and his bitterest enemy would concede him to be immeasurably superior to Hill in moral or physical courage.

A motion to print evidence and reports was agreed to.

Coke, from the committee on Indian affairs, reported favorably a bill to accept and ratify an agreement submitted by confederated bands of Ute Indians for the sale of their reservation in Colorado and to make the necessary appropriations for carrying out the same; placed on the calendar.

Coke said that the bill was very important. Its early passage might avert an Indian war and he would call it up as soon as possible.

Hill's majority report goes into the Kellogg case very fully. It alleges Kellogg to be guilty of a conspiracy to fraudulently use his gubernatorial office to prevent a free election to the legislature in order that only republicans might be elected; that failing in this he conspired to change the result as determined by the election commissioners; that he prevented the legal legislature from assembling in New Orleans by the use of force, money, promise of office and other corrupt means; that he conspired fraudulently to have Packard elected governor to aid his election to the senate; that he excluded members elected to the assembly and admitted members not elected; that he testified falsely to the election committee thus inducing them to declare him senator and that he secured government offices for his co-conspirators. Testimony is quoted in extenso.

Hill moved that the report be recommitted to be called up on next Monday.

Hoar, Hill, Carpenter and Thurman debated the question, in which debate Carpenter asked what would prevent Kellogg reopening the case next session, if Spofford were seated now?

House

Under call of the states Ellis introduced a joint resolution requesting the president to notify the government of Great Britain of the abrogation of the Clayton-Bulwer treaty. Ellis desired to refer it to the foreign affairs committee but by a vote of 184 to 71 the house decided to refer it to the committee on the inter-oceanic canal.

Singleton of Mississippi, reported back the consular appropriation bill and it was considered in committee of the whole. No change is made in service abroad.

After some debate the house adjourned.

STORM ON THE GULF

Rumor that the "City of Mexico" with Grant on Board has been Lost—She is Thirty-six Hours Overdue at Galveston

[SPECIAL DISPATCH TO THE OREGONIAN.]

New York March 22—A memorandum despatch from Washington says that it is rumored that the vessel on which General Grant was a passenger has been lost in the Gulf of Mexico. The steamer City of Mexico on which [illegible] is a passenger is very much [illegible] probably [illegible] a sea waiting for the gale to abate.

Galveston March [illegible]—A strong gale accompanied by rain has prevailed on the coast here for the last eight hours. Shipping [illegible]. The Norwegian ship R[illegible] 3600 bales of cotton for Havre parted her cables and went to pieces. The crew [illegible] were lost. The revenue cutter McLane went to the rescue but was compelled to return. A yawl boat from the ship came ashore [illegible] side of the city to-night, but no tidings of the missing men have been received. The cargo was valued at $75 000. The night is dark, the wind high and sea rough with no probability of abatement of the storm at present.

Fears are entertained for the City of Mexico with Gen Grant and party on board. She was due this afternoon but thus far pilots are unable to detect the steamer in sight. It is surmised that the steamer will change its course to New Orleans as the gale is from the northeast and it is impossible to enter this port during the present high wind. If it is possible for her to leave her anchorage the McLane will go out on a cruise in search of the Mexico and back before [illegible]

No Doubts Entertained at Washington of Grant's Safety

Washington March 22—No attention is paid to the rumors which have been in circulation here to-day that the vessel on which the Grant party sailed from Vera Cruz has been lost. The signal office is in constant communication with Galveston and the observer there telegraphed this afternoon that the vessel was scarcely due. It is the belief here that the vessel was slow in getting off on account of the ceremonies attendant upon the departure of General Grant and that before to-morrow morning it will arrive in safety.

BROKEN BY THE COURTS

The New California Chinese Law Declared Void by U. S. District Judge Hoffman

Synopsis of the Decision in which Judge Sawyer Concurs

[SPECIAL DISPATCH TO THE OREGONIAN.]

San Francisco March 22—A decision in the habeas corpus case of Parrott was rendered by Judge Hoffman this morning and in effect declares the anti Chinese law enacted by the present legislature in Sacramento to be in conflict with the United States treaty with China and the constitution of the United States. In rendering his decision the judge quoted an unusual number of authorities. He said that if the right of the legislature to restrict corporations in the manner intended by the law in question should be admitted there would be no limit to the harm which might be accomplished. The Chinese are here and are granted all benefits of trade or travel by solemn treaties which are enjoyed by any other foreigners. If the legislature has power to declare that corporations shall not employ Chinese they possess the same right to declare that Germans Irish or Americans shall not be so employed. Further they could exercise the right to declare that employes of railroads shall be of certain creeds. If the fact of the laws and their enactment were not so plainly before us it would be difficult to believe that the legislature could declare a law so seemingly a contemptuous breach of treaty obligations. In conclusion Judge Hoffman remarked: It is generally admitted by the best classes on the coast that the unrestricted immigration of the Chinese is a menace to our peace, and even to our civilization. It is an evil however which abrogation or amendment of the Burlingame treaty alone can remedy. The senseless cry of "Chinese must go" is an insolent denial of the authority of the United States and any measures of police or health laws, or state legislation made in the spirit of that cry will be promptly set aside by the courts of the United States. When Judge Hoffman finished reading his decision Judge Sawyer said: "The prisoner is ordered discharged." The decision was prepared by Judge Hoffman and rendered by him owing to Judge Sawyer's recent absence from the city. The latter was on the bench with Judge Hoffman this morning and concurred in the decision as his order of discharge shows.

The Case to go before the Supreme Court.

The Parrott case will probably be taken to the U S supreme court, Ben Butler having announced a willingness to manage it there for the people.

ENGLISH POLITICS.

A Very Exciting Political Contest—Politics Engrossing Everybody's Attention.

[Special from London March 14th.]

The announcement of the dissolution of parliament is received joyfully by both parties. The liberals have an opportunity of an appeal to the country while the conservatives rejoice at being relieved of the intolerable expense of prolonged canvassing. Their complaints on this score accelerated the government's decision but the proximate cause was undoubtedly the collapse of the water bill which elicited ever increasing protests endangering every metropolitan seat held by the tories. Grant Duff M P says the government floated in by beer and floated out by water. There is abundant evidence nevertheless that the dissolution was contemplated from the beginning of the session. The government was waiting for a favorable occasion but was finally compelled to dissolve to escape disaster which was otherwise inevitable. Lord Beaconsfield's manifesto originally composed in expectation of an appeal to the constituencies against Irish obstruction, is considered daring, adroit and unscrupulous, unprecedented in form and unfounded in fact. Nobody believes the accusation that the liberals intend to dismember the empire. Portions of the document elicit protests from even the tory journals. The Times rebukes certain expressions. The Standard derides its eccentricity. If it were intended to infuriate the Irish it has succeeded. A moderate Irishman like Mr William Shaw the home rule leader denounces it as a lying insulting missive. Lord Beaconsfield attempts to snatch victory by replying on two points only. Against the liberals complicity with the home rule movement, and opposition to English ascendency in Europe.

The liberal leaders Lord Hartington Mr Gladstone and others are making dignified replies and decline to let the issues be narrowed. They reiterate their accusations of the failure of the government's policy abroad its complete legislative incapacity reckless finance and neglect of urgent reforms. Mr Gladstone will attack on Monday Sir Stafford Northcote's shambling budget.

Nobody pretends to foretell the result of the coming elections accurately. Extreme men of both sides claim a large majority. It is reported that the tory headquarters are less sanguine and the accounts were received from the country [illegible] liberal provincial papers are more enthusiastic and confident than those in London, where tory social influences predominate. The liberal officials say they expect a small majority. Whichever side [illegible] they are doubtful of gaining seats in Ireland, 9 in Scotland and hope to recover certainly half of the 28 liberal seats sacrificed at the last election by party dissensions.

Oxford Wins over Cambridge—A Splendid and Exciting Contest

[SPECIAL DISPATCH TO THE OREGONIAN.]

London March 2[illegible]—The Oxford crew won the boat race easily by 3½ lengths in 21 minutes and 23 seconds. The Cambridge crew started at the rate of 40 strokes per minute and the Oxford crew at 3[illegible]. The race at the commencement was beautifully close. Cambridge at first gained a slight advantage from rowing a quicker stroke but the Oxford crew drew to a level with them by the time a half mile had been rowed and at Gross wharf 3½ minutes from the start had a lead of a few feet. When a mile had been left behind a splendid struggle took place for the lead which Cambridge secured and opposite Crab Tree a mile and a quarter from the start it seemed as if they would row right away but the spurt had told upon them and they began to row short. They however maintained the lead to Hammersmith bridge half a mile further on partly because of bad steering by Oxford. The boats were on even terms very shortly after passing the bridge and an exciting struggle was maintained to Chiswick Eyot. The irregularity of the Cambridge crew however was perceptibly increasing while the Oxford crew were rowing like a machine. When half way to Chiswick Eyot the Oxford crew led by half a length. At Chiswick church two miles and five furlongs from the start the race which had so far been one of the finest ever seen was virtually over the Oxford crew leading by two lengths.

THE CALIFORNIA TAX LAW.

Since there has been so much discussion of the subject of taxation in our state, coupled with frequent though abortive efforts to secure an amended fiscal system, the new law of California may be an object of interest to the people of Oregon. It is necessary to observe, however, that the law of California is framed in accord with the peculiar fundamental law of that state,—yet it is a curious fact that our own revenue laws have a remarkable resemblance to many provisions of the constitution of California on the subject of taxation. The system is a most unscientific one, and its results must everywhere be of the most unsatisfactory kind. Attempting to reach and discriminate against the property of the rich, it actually brings the heavier proportion of the burden upon taxpayers of the smaller class. It opens to the wealthy class who, under any just system of taxation, would be required to bear a much larger share of the burden than now falls upon them, unlimited opportunity of evasion and escape. California's new law is only an extension of the provisions of the constitution of that state, so as to make the principles of the fundamental law more specific and to provide for carrying them into effect. It may be confidently predicted that under the new system the inequalities of taxation in California will be greater than under the former system which was so much condemned.

The law begins with the declaration that "all property must be assessed at its full cash value." Our own experience in this state shows how worthless such a provision may be, when county officials and others are sustained by local public opinion in disregarding it, under a belief that local interests are subserved thereby. In one particular, however, the law of California is a great improvement upon our own. It creates a state board of equalization, which, if it discharges its duty intelligently and honestly, should do much towards enforcing a proper system of valuation. The statement of the taxpayer is to include all property in his possession on the first Monday of March of each year. Corporations must return both their capital stock and all their property,—a mode of taxation which will force as many of these bodies to disincorporate as can possibly do so. All credits must be returned for taxation and debts may be deducted. An elaborate section is constructed to secure taxation of mortgages. To aid the assessor in this branch of his duties the recorder is required to make out and transmit to the assessor a complete abstract of all mortgages, deeds of trust, contracts, and other obligations by which any debt is secured. The value of the property affected by such mortgage or contract is to be assessed to the owner of the property, and the value of the security to the holder thereof. A partial remedy for the abuses arising from deductions of indebtedness is provided by a clause which declares that no debt shall be deducted unless the statement shows the amount of such debt as stated under oath in the aggregate, but in the case of banks the statement is not required to show the debt in detail, or to whom it is owing, though the assessor shall have the privilege of examining the books of the bank to verify the statement.

The capital errors in this law are the same as in ours, though there is a chance to get better results in some particulars under it, if it be administered with an honest intelligence. Yet when deduction of debts is allowed a door is opened which no vigilance can effectually guard against fraud; and the attempt to tax mortgages, notes, accounts and credits generally has always failed to a great extent wherever tried, and always must. Large part of such credits will always find a way to escape taxation; but the attempt to tax them makes money costlier and harder to borrow, and thus brings back the burden directly upon those who imagine that by setting up such a system of taxation they are providing a way for their own escape and making the lender pay. They who cannot possibly answer the arguments against such a scheme of taxation still persist in their error in spite of the plainest demonstration. Under prejudice of supposed self-interest, fostered by a confusion of ideas which does not permit them to look through the tangle of sophistry to the inevitable conclusion, they delude themselves with the notion that they are forcing lenders and creditors to pay, when in fact the whole sum comes out of the borrower and debtor every time; and in addition to this, great part of the credits manage to escape the intended taxation. The more the subject is studied by any person who candidly considers it in all its parts the clearer must be the conviction that the true principle of taxation is to confine the assessment and levy to actual, visible and tangible property, and to abandon the futile effort to tax that which is only the representative or shadow of property, and which has no value disassociated from the property itself.

The Virginia legislature protests loudly against the decision of the supreme court in the civil rights and enforcement law cases, and calls upon congress to repeal the obnoxious laws which the court refuses to annul. A repeal of the laws cannot break the force of the decisions, which crystallize the results of the war into a new body of law and precedent, and mark more sharply than anything else the new era of national existence as opposed to state rights' provincialism upon which we have entered. The Virginia legislature may well protest against these decisions. They clinch everything that Virginia and her sister states of the confederacy fought against, and toll the knell of state sovereignty in the United States. It is likely the Virginia legislature will confine its objection to resolutions of protest, and that the states rights members of congress will do the same thing. The nullification policy has not been so successful as to encourage any faction or state legislature to undertake to nullify a decision of the United States court.

The boom in the iron business seems to have reached a turning point, manufacturers reporting a large falling off in orders with indications of a decline in prices. The Pittsburg *Commercial Gazette* regards the stoppage of the advance in prices as a very encouraging sign, as a further advance would probably check consumption and retard railway building and other improvements. It thinks that "if the iron market settled down at, or even somewhat below present prices, there is every reason to hope for a permanent and steady prosperity. If it is started booming again, we shall fear the repetition of the disasters of 1873."

It would seem that the party of the state administration got badly left in the democratic primaries at Salem on Saturday. As Mr. Weller would remark, "it takes a magnifying glass of double hextra power" to discover the said party in the returns. Only one delegate on the administration ticket was elected in all the precincts of Salem. This, however, may be a wholesome basis for future growth, as any gain whatever must be a gain of at least one hundred per cent.

The present pressure of advertising on the columns of THE OREGONIAN exceeds all former experience. It indicates the opening of a season of unusual business activity, and signifies that business men realize fully that the way to reach the public is to employ the columns of this journal for the purpose.

A new trouble presents itself to the forecasting democrat. The New York *Sun* states it thus: "Should there be the least doubt in regard to the election of the democratic candidate—supposing a Bourbon to be nominated—at least three, and perhaps four, southern states could not be held in line."

Of the rumor of the loss of the steamer containing Gen. Grant and party there is nothing to be said except that there has been a storm on the Gulf of Mexico and the steamer is overdue. The rest is mere conjecture.

A route for a wagon road between Knapp's and upper Astoria, distance eighteen miles, has been surveyed, and will probably be opened during the coming summer.

ASSIGNEE'S SALE. IN RE OREGON IRON Works, bankrupts. In Bankruptcy. By virtue of an order of the Honorable District Court of the United States for the District of Oregon made on the 16th day of February, 1880, the undersigned Assignee of the "Oregon Iron Works," a corporation bankrupt, will, on Thursday, the 29th day of April, 1880, at 10 o'clock A. M., sell at public auction, on the premises at Albina, opposite Portland, Oregon, the following described real and personal property, belonging to said estate, to wit: That valuable property known as the "Oregon Iron Works," consisting of River Lots Nos. Sixteen (16), seventeen (17), and Eighteen (18), situated in the town of Albina, Multnomah county, Oregon, together with the wharves, buildings, fixed and movable machinery and tools pertaining thereto. The Iron Works are the most complete and best fitted up with first-class machinery and convenience any north of San Francisco, and comprise a first-class machine shop, together with pattern shop, blacksmith shop, moulding room and storage building, and a first-class boiler shop, newly built, with new machinery with the latest improvements. The Works are fitted with machinery adapted to the turning out of light and very heavy work. The stock of patterns is very extensive and valuable. The blacksmith shop is provided with a large steam hammer and every convenience. The buildings are well and substantially built, conveniently located on the river, with wharves connecting main buildings and boiler shops with the river. These works have facilities for turning out machinery of all kinds superior to any shop north of San Francisco, as they are fitted with large plan'er, boring mill and machinery of large calibre, all set on solid masonry. Also, a large assortment of bar iron and steel, boiler plate, boiler tubes, rivets, tube expanders, tools of all descriptions, brass fittings, steam gauges, etc., etc. The above described property is to be sold as a whole. Said sale is to be made for gold coin in hand, free from all judgment or other liens. For additional description of machinery, etc., connected with the Works, apply to Gilman & Co., Auctioneers, No. 42 First street, or the assignee No. 113 First street, Portland, Oregon. m23d3d GEO. TUESDAY MORNING MARCH 23 1880

WEATHER PROBABILITIES.

(SPECIAL DISPATCH TO THE OREGONIAN.)

WASHINGTON March 23.—12.30 A. M.—California clear or partly cloudy.

CITY.

THROWN FROM A CARRIAGE.—Mr F A McLean while out enjoying a buggy ride with his wife Sunday met with a serious accident. While driving up Eighth street the team took fright and ran off. Before proceeding far Mr McLean was thrown from the vehicle. However, he held on to the reins and was dragged about 30 yards, but was at length compelled to relinquish his hold. Mrs McLean, with great presence of mind, reached forward and grasped the lines, which had slipped from her husband's hand, and pulled the frightened horses around toward the sidewalk and brought their headlong career to a close. The lady was not injured in the least although the scare was a good one. Mr McLean was severely bruised and his face badly scratched by being dragged.

A SUGGESTION TO THE COUNCIL.—Several serious accidents resulted last year from the practice of playing ball on the public streets. A lady was knocked down and almost killed at the corner of First and Morrison streets and frequent mishaps occurred in the vicinity of the various schools while the students were playing "catch." In no instance was harm intended, and none so deeply regretted the accidents as those from whose carelessness they resulted. Already this season the dangerous sport has begun and the usual consequences may be expected if the council does not prohibit it. A prohibitory ordinance should be adopted at once.

GONE TO THE DALLES.—Maguire's dramatic company leave this morning for The Dalles where they open a new theater Wednesday evening in East Lynne. The building is brick and erected by Messrs Chapman and Vogt at the suggestion of John Maguire some months ago. It is said to be the handsomest hall in the state. A large number of comfortable arm chairs were shipped yesterday by the Oregon Furniture Co. The stage is fitted up in a first class manner and everything portends a prosperous season for Manager Maguire.

FOR LIVERPOOL.—The British ship *Kinross* has cleared for Liverpool with the following:

From Portland	12 975 ctls wheat	$25 ,22
"	5,848 bbls flour	31 00
"	393 cs beef	2,394
"	26 cs salmon	184
"	3 maple logs	20
Total		$59 480
From Astoria	4 980 bbls flour	$27 118
"	582 ctls wheat	1 684
Total		$28 782
Aggregate total		$88,272

DEATH OF WM MARSHALL.—A short time ago a convict named William Marshall, who was pardoned from the penitentiary went out on the highway and attempted to rob ... Schwartz. He was shot and killed. Many thought it was Billy Marshall, the ... boy, formerly of this city, and at one time in Salem, during which time his reputation was bad, but such was not the case. Another fate awaited him. On Saturday last he died of dropsy at St. Vincent's hospital. His remains were buried Sunday at Lone Fir.

HELD TO ANSWER.—The preliminary examination of J J Kelly, who was arrested several days ago, charged with robbing G W ... of about $350 came up before Judge ... last evening. The testimony was deemed sufficiently conclusive to the mind of the court to warrant holding the defendant. Kelly was bound over to await the action of the grand jury in the sum of $1000. In default of bonds he was committed. ..., the prosecuting witness, was also held to appear in the sum of $250.

... GEORGE.—The *Telegram* says: The latest news amongst sporting circles is ... reported that George Shaw is wanted in San Francisco for bigamy. The above named gentleman is one and the same person who married Sadie Donley in Grass Valley, during the pedestrian tournament in that place. It is said that Sadie left him shortly after leaving Nevada county, having discovered that her fond and confiding better half had already two other wives.

SERVICES.—The following is the course of services in St. Stephen's chapel during this (Passion) week: Tuesday, Wednesday and Thursday, morning prayer at 8 30, daily evening prayer at 7 o'clock except Saturday (Easter eve) at 6 o'clock P. M. Friday, being Good Friday, morning service at 11, with sermon by Bishop Morris, and Saturday morning at 9 o'clock, with baptism. Easter services will be announced later in the week.

SCOTTISH CONCERT.—The concert to be given under the auspices of the St. Andrew's Society, the advertisement of which appears in another column, will be the first affair of the kind given for many years, and will prove a rich treat to the lovers of Scottish airs, most of which on the programme are endeared to the hearts of every one, be he born under the stars and stripes or the flag of Great Britain.

TAXES.—As yet only $74 000 taxes have been received at the sheriff's office. About [illegible] is required to be raised this year. According to this, the sum of $66,000 must be raised. All unpaid taxes will be declared delinquent on the 1st of April, so it will be seen at a glance that persons who have not paid had better walk up and "pungle."

SEVERE FALL.—Charles Bahm, a carpenter, who was at work putting up a sign in front of Mellis Bros & Co., on First street, yesterday afternoon, fell from a step ladder to the sidewalk, a distance of 15 feet and inflicted a severe gash above his eye. He was rendered unconscious for several minutes, but his injuries are not considered dangerous.

HELD FOR EXTORTION.—Yesterday, four Chinamen, Wong Gua, Wong Woon Woh, ... Chu and Wong Hack Sun, were on trial in the state circuit court. The defendants are under indictment for extortion. The case consumed most of the day.

SAVINGS BANK.—We have it on trustworthy authority that a new savings bank association is being organized here, which will soon begin business with ample capital. Part of the stock will probably be given to the public in three or four days.

UNION MEETINGS.—Great interest is manifested in the union meetings at Salem, now being held under the supervision of Rev McLafferty, nearly one hundred young people having been converted.

IN TROUBLE.—Sunday, Miss Carrie Bradley, a voluptuous *nymph du pave*, was arrested charged by Margaret J Steward with selling liquor without a license. The case will come up for trial to-day.

IRISH RELIEF FUND.—The Irish citizens of Salem cleared $173 50 at their recent entertainment in that city for the benefit of the suffering poor in their mother country.

BUSINESS NOTICES.

Lewis & Straus will have a grand opening to-morrow at which the latest novelties in French pattern hats and bonnets will be exhibited.

Hodge Davis & Co in a column advertisement this morning make announcements which will be of interest to every contractor builder and carriage, house and sign painter on the northwest coast.

W H Marshall & Co, the popular grocers at the Central Market present a list of prices of goods in their large stock which cannot fail to be of interest to every housekeeper in the city. Read their advertisement under new to day.

Selinger's cash auction company No ... First street have just received a fresh ... of ... per steamer *Oregon*. The prices of a few are announced this morning and are the remarkably low prices at which they will sell their entire stock.

James Laidlaw & Co No 16 Front street are agents for giant powder manufactured under N... patents, and for Judson blasting powder. Both these brands are well known and extensively used on this coast and need no further recommendation than is contained in the advertisement.

Everybody goes to the Postoffice Store because they have the finest candy in the city. It's opposite the post office.

OYSTERS.—Eastern oysters by every steamer at Keith's, corner First and Oak streets.

The "White" is the popular Sewing Machine. Agency 171 First st. Only $35.

ENTERTAINMENTS.

The complimentary benefit tendered Miss Sonora Witherell the accomplished elocutionist, will take place at New Market theater Friday evening April 2d. The programme which will be published in a few days, will include numbers by several of the leading vocalists of the city. Miss Witherell merits a large attendance at the proposed benefit, and her many friends are sufficient to fill the house to its utmost capacity.

The literary, musical and dramatic entertainment under the auspices of the ladies of Trinity Guild will take place Tuesday or Wednesday evening of next week. There will be readings and singing, the latter under direction of Prof Kinross. A drama, in three acts, entitled "Grandfather Whitehead," will be produced, in which Col. John McCraken will take the leading character. Col McCraken is an accomplished elocutionist and a very clever amateur actor. He has frequently appeared before the Portland public in readings and in dramatic roles. He has always generously volunteered his services in the cause of charity. The object of the entertainment is in the cause of true benevolence and promises to be meritorious. Full particulars will be given in a few days.

PRESBYTERIAN SOCIABLE.—The ladies of the Presbyterian church will give a social entertainment this evening in the church lecture room. In addition to the usual programme of musical and literary exercises a novelty will be presented in the "fifteen" puzzle, which for the past month has taxed the interest and skill of eastern people of intellectual range from the philosopher to the school boy, and which is so simple to those who know how to arrange it and so utterly impossible to those who don't. Other features of interest are promised, among them a bazaar cakes, coffee ice cream etc. The invitation is general. Admission twenty-five cents.

We understand that an effort is being made to organize a lodge of Knights of Honor in this city. This order has accomplished great work in the eastern and middle states and in California during the past six years as the following notice copied from the *K of H Reporter* will show:

We are informed also that the actual cost to a member under forty five years of age who joined the order in the beginning to January 1st 1880 has been $63 or an average of less than $10 per year in assessments.

Modesty.

Modesty is to a woman what the delicate bloom is to the peach—its greatest beauty, but once gone, no human power can restore it. Many modest women suffer in silence for years with the most painful affections of the delicate vital organs of the body, rather than to impart the knowledge of their sufferings to a physician. This great army of martyrs will be rejoiced to know that at last a purely vegetable and harmless remedy has been discovered which cures immediately all diseases and weakness of the kidney and bladder no matter of how long standing or of what nature. It is the wonderful OREGON KIDNEY TEA which is sold by all druggists and challenges the world.

AUGUST FLOWER.

The immense sale and great popularity of Green's August flower in all towns and villages in the civilized world has caused many imitators to adopt *similar* names expecting to reap a harvest for themselves at the expense of the afflicted. This medicine was introduced in 1868 and for the cure of Dyspepsia and Liver Complaint with their effects, such as Sour Stomach, Costiveness, Sick Stomach, Sick Headache, Indigestion, Palpitation of the Heart, vertigo etc. etc., *it never has failed to our knowledge*. Three doses will relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

The presbytery ... regular spring session at Albany ... was opened with a very interesting ... sermon by ... Lindsley D D of Portland. Rev Robert W Hill of Salem was chosen moderator for the ensuing year and ... J M Marquam was elected temporary clerk.

This ecclesiastical body consists of eleven ministers and as many elders. On account ... a full representation was not present.

Reports from committees on the various missionary departments of church work were submitted. These were interesting and brought out facts that ought to stimulate ... earnest endeavor.

The presbytery is striving to develop systematic work in every department of Christian activity. The development of mission work in Alaska is committed to this presbytery. Several thousands of dollars have already been expended in buildings at Fort Wrangel and four missionaries are busily at work in the home school and church of that place. Rev Mr ... has recently been commissioned to take up our work at Sitka and will enter his field immediately. Other points along this coast ... during the summer.

The churches under care of presbytery report an increase of over one hundred members during the year and a corresponding growth toward self support. Several new sabbath schools have been organized and preparation for a new church organization is in progress.

A report from the Albany Collegiate Institute was submitted showing its present condition and it was

Resolved, That the presbytery in adopting the report on the Collegiate Institute hereby expresses great satisfaction in its present management as an institution of learning and earnestly commends it to the support and patronage of the public as worthy of the highest confidence in point of scholarship and efficiency and in order that this expression of presbytery may accomplish the end in view and the public appreciate the advantages moral and mental of an institution thoroughly Christian and practical the stated clerk be directed to have this resolution published in the *Occident* and our local papers.

PORTLAND
CITY HOMESTEAD.

THE LAND IN THIS ENTERPRISE LIES adjoining the city and is only from ten to fifteen minutes walk from the court house and a less distance than that from one of the best public schools in the city. It is divided into

One Thousand and Twenty-Four Lots,

Fifty by one hundred feet in size with streets sixty feet wide. Two hundred of these lots will be reserved for those who desire to improve and build this summer and fall. These lots will be sold on the same liberal terms that are offered in the Homestead proper.

Price.

All lots will be sold for $100 each payable in instalments of $5 per month or the small sum of 16⅔ cents per day. No interest will be charged and a good and sufficient Bond for Deed will be given upon the payment of the first installment of $5, and a Warranty Deed upon receipt of last installment, both without expense to purchaser.

Appreciation of Values.

By reference to *The Oregonian* of Feb 15th it will be found that city property has advanced twenty five per cent during the past year. As there has been no excitement, the rise is wholly attributable to the increasing immigration and the growing confidence inspired by our numerous railroad enterprises and the development of our many natural resources that have hitherto slumbered for lack of energetic men to develop them.

It is True,

That of all real estate investments the homestead plan is the best and safest, as all who invest are interested in making the whole property more valuable. To illustrate: Suppose A builds a house on his lot, and B owns a lot adjoining. B gets the benefit of A's improvement while A is not injured thereby. This philosophy will apply to the entire property.

Wee have donated a lot to each of the principal churches for church purposes.

In addition to the above two lots are set apart for public school purposes.

Division.

The division of this property will take place when the lots are all sold or, in any event not later than the

28th February, 1881,

at the Mechanics Pavilion commencing at 10 o'clock A M public notice of which will be given by publication in two principal journals in the state.

It will be made in the manner decided upon by a majority of the purchasers in the Homestead. Parties interested may appoint proxies to act for them if they desire to do so. Parties who do not attend at the time of the division either in person or by proxy will be bound by the plan settled upon by the majority of those who do so attend.

It is suggested by the purchasers that division might be made by placing the number of each lot and block in a wheel or box and the name of each party interested in the Homestead in another—then a name will be drawn from one and a number from the other and the lot so drawn deeded to the person whose name is so drawn when all payments are made.

All but the first installment must be paid at the banking house of Ladd & Tilton in the city of Portland.

Persons from a Distance

Desiring a share may forward $5.00 to the General Manager and a bond will be immediately forwarded.

Money may be forwarded by registered letter, money order or Wells Fargo & Co's Express at my risk.

The local market is moderately active to-day with prices last given generally unchanged. Wheat continues to come forward in limited quantities and is mostly purchased in the interior at rates equivalent to $1 82½@1 85 at this point. The dispatches below indicate a marked decline in Chicago with a firm tone to the English markets. San Francisco reports little doing holders generally firm in demanding prices above buyers views.

Other products in the home market are tolerably active for the season and dealers express confidence in the future of the leading staples of wool provisions dried fruit and salmon

The agents of an English marine insurance company here inform us that hereafter the rates on all vessels crossing the Columbia river bar drawing over 20 feet will be materially increased. This will tend to confine our traffic to vessels of moderate size and so indirectly to keep freights at full figures. It is to be regretted that such action should have been found necessary

DR. PAUL M. BRENAN

The Most Successful Physician on the Pacific Coast.

IN THE TREATMENT OF ALL
CHRONIC AND DIFFICULT DISEASES

DR. BRENAN WILL GUARANTEE TO CURE any form of disease of the generative organs or private disease

He has become an expert in the treatment of disease weakness and derangement of the reproductive organs of both male and female including diseases caused by the

FOLLIES OF YOUTH,

such as SPERMATORRHEA or SEMINAL WEAKNESS or LOSS OF PERFECT VITALITY. Nearly two thirds of all the Chronic Diseases spring either directly or indirectly from some derangement of the sexual system and yet this subject is neglected by the majority of the Medical Profession

I know that persons who are unfortunate enough to be afflicted by any form of sexual disease have a delicacy in calling upon the proper physician in time from a sense of modesty and sometimes from ignorance and permit those diseases to exist until their constitutions become corrupted their organization broken down and the hope of future happiness blighted until death becomes a welcome messenger to carry them out of their miserable existence

Everything strictly confidential under all circumstances.

Lost manhood perfectly restored

Catarrh Bronchitis, Throat Diseases Skin Diseases Rheumatism Kidney Complaint and Diseases of the Eye and Ear Stomach and bladder he can cure without fail

DR. C. McLANE'S

CELEBRATED

LIVER PILLS,

FOR THE CURE OF

Hepatitis or Liver Complaint

[illegible]

Symptoms of a Diseased Liver

PAIN in the right side, under the edge of the ribs increases on pressure sometimes the pain is in the left side, the patient is rarely able to lie on the left side, sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness, the bowels in general are costive, sometimes alternative with lax the head is troubled with pain accompanied with a dull heavy sensation in the back part. There is generally a considerable loss of memory accompanied with a painful sensation of having left undone something which ought to have been done. A slight dry cough is sometimes an attendant. The patient complains of weariness and debility, he is easily startled his feet are cold or burning, and he complains of a prickly sensation of the skin, his spirits are low, and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged

AGUE AND FEVER

DR C McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL

For all bilious derangements, and as a simple purgative, they are unequaled

BEWARE OF IMITATIONS

The genuine are never sugar coated

Every box has a red wax seal on the lid with the impression DR McLANE'S LIVER PILLS

The genuine McLANE'S LIVER PILLS bear the signatures of C McLANE and FLEMING BROS on the wrappers

Insist upon having the genuine DR C McLANE'S LIVER PILLS prepared by Fleming Bros of Pittsburgh, Pa, the market being full of imitations of the name *McLane*, spelled differently but same pronunciation
